GET 'HYMIE THE PAINTER' Detectives Capture Alleged Horse Thief Leader in Jersey.

Horse Thief Leader in Jersey.

Following a trail that led them over a large section of New Jersey, Detectives Carroll, Ferris and Simms, of the Williamsburg Branch Bureau, yesterday arrested Hyman Berger, known, they say as "Hymie the Painter" and alleged to be the leader of a band of horse thieves, whose activities have netted them \$15.000 in a few months.

Last Wednesday horses and wagons valued at \$700 were stolen from the stables of Louis Linder, 232 Siegel Street, Williamsburg. The first man arrested, Harry Pashkoff, a chauffeur, of 102 Debevoise Street, implicated Nathan Stackhoff, of 246 Siegel Street, and under further grilling said the ringleader was "Hymie the Painter," who was to be arraigned in Goshen, N. Y., to-morrow on a robbery charge. Berger was arraigned in the Manhattan Avenue police court and, after waiving examination, was held without bail to await the action of the grand jury.

The New Blouse Fashions

are accurately mirrored in the numberless smart models displayed in the Department on the Second Floor. The collection includes both French and American-made Blouses and represents everything that is chic as well as the simpler designs that will appeal to the more conservative tastes. Especially dainty and smart are the confections of fine French crepe (known generally as "Georgette"), with their adornments of lace or fine embroidery, many with accentuations of contrasting color and some in the becoming black-andwhite effects that may with equal propriety be worn in or out of mourning. There is also a very comprehensive assortment of eminently good-looking Sports Blouses, featuring the mannish silks and silk crepes as well as the wanted linens and cottons.

Misses' and Juniors' Apparel

and Little Children's Wear are attractive features of the pre-Easter display on the Second Floor. In designing the new modes for Spring and early Summer, Fashion has been especially thoughtful for the younger set; and all of the novel style features, as well as the smart materials, are fully represented in these Departments. Dresses and Coats for all occasions are shown here, for girls of all ages from infancy to young womanhood; and an especially interesting feature at the moment is a selection of dainty frocks for confirmation and graduation wear.

ats that are different

are an essential requirement of every woman of fashion, and even the simpler taste now demands millinery that expresses individuality as well as style. Originality is the dominant note in the smart Trimmed Hats displayed in the spacious Salon on the Third Floor. Here are assembled imported models reflecting the most advanced Parisian ideas; and a large and varied selection of American creations, all of which were designed in B. Altman & Co.'s own ateliers.

Distinctive Tailor-made Suits

are shown in infinite variety in the Women's Ready-to-wear Department, on the Third Floor. The new modes are very effective, introducing novel lines that are decidedly piquant; and all are adequately represented in this attractive display. The present stock far surpasses in extent that of any previous season, affording virtually unlimited opportunities for choice. Many of the models are exclusive to B. Altman & Co.

The Accessories of Dress

must, in order to effect a harmonious result, be selected with quite as much discrimination as the rest of the costume. In the Departments devoted to Neckwear, Gloves, Hosiery and Shoes will be found everything that is new and smart in these important essentials.
